  4. SRA Report:
    - Pat Miller provided a status update on a referee ethics violation hearing held by ASA where the defendant was found in violation of USSF's Code of Ethics and suspended for 1 year. The Defendant has appealed the decision to ASA.
    - There were multiple events held during the summer where Alabama referees participated in these events and were recognized for their success. These were:
      - i. Region III President Cup in Tulsa, Oklahoma
      - ii. Region III Regionals in Greensboro North Carolina
      - iii. DA Showcase
      - iv. President Cup Nationals Florida
      - v. Nationals Cup in Frisco, Texas
    - Registration is open for 2018 and 29 referees have already registered
  5. SYRA Report:
    - Ohannes requested that an assignor class be scheduled and there are 3 candidates who are interested. A possible date would be on Sunday after the State Clinic in January
    - Ohannes also requested better guidance from ASA concerning referee pay for U9-U11 Academy games in order to maintain consistency across the state. Pat will request this from Tom Condone
  6. SDA Report: Klaus stated that he is starting to schedule Fitness tests and they will be scheduled sometime in October. Klaus stated that NISOA is using the same fitness test as USSF. The SRC agreed that existing grade 7 referees and those wanting to upgrade to grade 7 can take the NISOA fitness test to complete their fitness test requirement so long as an SRC member either administers it or is present at the event to verify participation. Klaus asked how developmental assessments are handled. The SRC has an outstanding policy of funding the first developmental assessment for a referee who has requested an upgrade to grade 7. The SDA will pay for the developmental assessment which is funded by the SRA.
  7. SDI Report: The annual Roadshow was completed and we had approximately 100 referees who attended it. Entry level and Recertification clinics have been scheduled and are progressing. Kris reported that we have had high failure rates with the Grade 7 test and she is working on training material to help referees.
