

SRC Meeting Minutes

Meeting Date: Nov 3, 2018

Location: Foley Alabama

Attendees: Kris Bailey, Pete Gonzalez, Bob Johnson (State Cup Assignor), Michael Montgomery, Kris Rose, Jon Sauers

Topics Covered:

State Cup:

- Must verify the referee experience with ARA and State Cup Assignors Prior to Tournament
- Engage the ARAs to review the assignments before publishing to help identify any potential issues.
- Referees were paid by check for the first time. Benefit was not having to carry large amount of cash around all weekend. Disadvantage was the Assignor and SYRA were focused on payroll exclusively for Sunday afternoon and not able to watch referees or take any proactive measures with the referees
- Will look at using the Pay feature within Game Officials for May State Cup

State League Assigning

- Michael will set up monthly State League Assignor calls during the season to allow assignor to discuss issues and determine shared solutions.
- Must coordinate with the State to better align state league games, tournaments, Mid-South and other league play. State Assignors must also work with the local clubs to make them aware of potential conflicts when scheduling.
- State League assignments should be performed two weeks out to allow sufficient time to modify game times and locations to get coverage. The State will assist with changes to game stacking if the Assignors share the issue early enough for it to be addressed.
- Michel to work with the State Assignors to ensure the 2 week out assigning is occurring in the spring.
- If games cannot be covered – they must be turned back to the State EARLY so other arrangements can be made and the teams can be contacted.

SRC:

- Must appoint a new ARA for Area 2. Recommendations provided to Pat.
- Suggest monthly SRC meeting, first Wednesday of the Month at 7:00pm
- Discussion of mentor program. Kris Rose is going to use the Dec 1 2018 clinic to attempt new approach to mentoring for new referees. More details to follow.
